MARCH 2007

Well this year is going fast already!!! We just have a couple more months until recital so there is going to be a lot of different schedules posted on the boards so please come in and check on a regular basis. \*\*\*\*

### Picture Days and Costumes

Some costumes are already starting to come, so please do not make any alterations until a couple weeks before pictures in case your child grows. I am almost done with the picture day schedule and will have that up on the boards before Spring Break. You will then be able to see if

you are on May 19, June 2 or both. Thank You.

### T-Shirt Sign-Ups

The artwork is done for the recital t-shirts, so you can look at what the shirt looks like. The name of the recital is "Stepping Out of the Box". Remember all students names are on the back of the shirts. Please put your name on the different forms on the bulletin board with the size you are ordering. The t-shirts are \$17 if you would like one.

### Summer Camp and Pre-Registration

Pre-registration for next year's season begins May 1st. There will be a tentative summer and 2007-08 schedule out at this time for you to look at. Remember changes

Will be made depending on registration. Pre-registration will be \$15 per student, not per class, to hold your spot for next year's season.

We are a go for our third room for the beginning of August. So next year I will be able to offer more classes, and cut the class size down a little. The new room will be next to Allstate on the south side of the building. I am very excited about this expansion for next year. Primarily all the older students will be in the new room, since I don't want little ones walking back and forth. A camera will be installed so the front desk will be able to keep an eye on the other room.

DANCES ARE GOING GREAT STUDENTS!

### *Important Dates*

### Special points of interest:

- Remember, if your child has perfect attendance they will get a medal at the recital. You can do make up classes for your missed classes, but remember you can only miss 5 classes from January to June to be in the recital. A make-up class only will help towards your medal, it will not erase the absences you have towards the recital. If you have questions about this, please ask.
